

# EXCELLENCE FOR ALL

## North Salem Elementary School is Making it Happen!

**WE ARE** North Salem Elementary School is a small rural school in Hendricks County. We have approximately 245 students and 31 dedicated certified and non-certified staff members. We have been referred to as the “Best Kept Secret in Hendricks County” by community members. Most importantly, we are a family.

**OUR STUDENTS AND FAMILIES** are supportive and active in our school. We are a Title One school and typically have about 30% free and reduced. Our school is the center of our community.

**OUR TEACHERS** are devoted to our students and their success. Many have spent the majority of their careers at North Salem Elementary School.

**OUR PROMISING PRACTICE** Excellence for All is a district motto that demonstrates our commitment to helping each child reach their full potential. We believe the key to our success is our use of data to drive our instruction. Each student has a data binder that is used on a regular basis. Students keep track of their own progress towards their goals in math, reading and Language Arts, attendance, behavior, reading and math fluency, and more. This creates a great sense of ownership that drives students to succeed.

**OUR STEPS** Everyone is involved in goal setting, charting progress, talking about data, and planning for future growth. We have regular Teacher and Principal (TAP) Talks that focus on student progress and support systems for maximum growth.

All of this hard work deserves recognition! We regularly celebrate milestones, hard work, and overcoming obstacles to keep our students motivated. Even our teachers are recognized for their dedication and exceptional efforts. We are a Renaissance school and the positive climate is what keeps us going through all of the hard work!

**Our community** is a large part of what makes our school so successful. Parents trust us, support us, and help us each and every day in order to reach the goals we set for all.

*“I feel fortunate that my children attend NSES. They are surrounded by staff that truly care and invest so much of themselves in the education and well-being of all students. The students receive so many opportunities that are not available at most schools. Our school is a hidden treasure.”* Amie Brooks, parent of three NSES students.
